ABOUT ME

I am fourth-year Bachelor of Science in Information Technology (BSIT) specializing in Web and Mobile Application student from Tarlac State University. My current focus is advancing my skills in front-end development, network fundamentals, and database integration using PHP, SQL, and MYSQL. With a strong foundation in UI/UX Design. I create visually engaging interfaces for both web-based systems and mobile applications. I bring user-centered approach to every project, ensuring functionality meets aesthetic appeal.
